The panel discussion aims to promote knowledge, understanding, and active engagement in matters related to the nursing workforce and its role in shaping the future of health care.

At the end of the panel discussion, attendees will be able to:

- Analyze the supply and demand of Florida's nursing workforce
- Identify systemic changes, including strategies for implementation to balance supply and demand of Florida's nursing workforce
- Identify strategies to increase nurse faculty and clinical preceptors, support nurse faculty development, and promote advanced nurse education

Attendance is open to all nurses, other health care providers, business and industry, consumers, legislators, and educators:

- Registration is complimentary!
- CEU's pending

USF Health is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

Hosted by

Wednesday, September 13, 2023, 2:00pm – 4:00pm
